MONTICOLA

LINWOOD CREEL, Editor

NED SHOTT, Business Manager

To COAL,

1938

578.7
W 527

1938

indispensable commodity of modern industrial life, the basic industry of West Virginia, which daily feeds and clothes and shelters a million people in our state, we dedicate the 1938 issue of Monticola.

In the hills and mountains of West Virginia are billions of tons of the highest quality coal on the North American Continent. Mined at a rate of 100,000,000 tons per year, it is shipped to 35 American states to turn the giant wheels of industry, and to give warmth to the palace and the humble home. Its huge payroll of \$150,000,000 a year is indicative of the material contribution it makes to our state and to our institutions.

Most abundant of our natural resources, even when employed in the fires of industry, coal builds permanent monuments to lighten the burdens of mankind.

Coal Facts in West Virginia

In 1742 John Peter Salley, while on an exploration trip from Augusta county, Virginia, discovered an outcrop of coal on Coal river in Boone county.

In 1770, George Washington, on a journey down the Ohio river, records in his diary the discovery of coal in Mason county.

West Virginia has more extensive deposits of coal than any state east of the Mississippi river, except Illinois. Geologists estimate a reserve of 117,000,000,000 tons.

The area of West Virginia is 24,497 square miles, of which 17,270 square miles is underlaid with coal.

Since 1931 West Virginia has led all other American states in the production of coal, producing 25% of the nation's tonnage.

West Virginia produces both high and low volatile coals of finest quality. The low volatile coals, commonly known as smokeless, are mined in the southern tier of counties. The high volatile coals are produced in southern, central and northern West Virginia.

Coal gives employment to more than 100,000 men annually in West Virginia. In 1937 their average wage was \$1,325.

Coal is produced in commercial quantities in 36 counties, but there are coal reserves in 45 of the 55 counties of the state.

The Officers and Membership of the

West Virginia Coal Association

Express Grateful Appreciation
to the
Student Body, West Virginia University,
for the Recognition Accorded the
COAL INDUSTRY OF WEST VIRGINIA
and Its Heavy Contribution to the
Development of our State and the
Growth of our Institutions.

J. G. Bradley, Dundon, W. Va., President
Dr. Gory Hogg, Lewisburg, W. Va., Vice President
C. C. Dickinson, Charleston, W. Va., Treasurer

133640

Kanawha Coal Operators Association

Organized June 25, 1904

MR. D. C. KENNEDY

Dedicates this page to the memory of

Col. John Q. Dickinson

First President

This Association Appreciates the Development of West Virginia University and the Contribution of the School of Mines to the Coal Industry of West Virginia.

Editor's Note: C. A. Cabell, of Charleston, West Virginia, is President of the Kanawha Coal Operators' Association and Duncan C. Kennedy has been Secretary of the Association since it was organized thirty-four years ago. Mr. Cabell and Mr. Kennedy were both associated with Colonel John Q. Dickinson in the first organization of the Kanawha Operators.

MR. C. A. CABELL

COL. JOHN Q. DICKINSON

John Quincy Dickinson was born in Virginia, November 20, 1831, and served in the Confederate Army in the Civil War. After the war he moved to the Kanawha Valley and became a large holder of land rich in minerals and gas. Coal production soon became his greatest interest, he becoming subsequently president of J. Q. Dickinson & Company at Malden, Quincy Coal Company and the Bedford Corporation.

He is survived by two sons, John L. and Charles C., both of whom are active in business affairs in West Virginia.

JENKIN JONES

Jenkin Jones was born in Glyn Neath, Glamorganshire, South Wales, September 25, 1841. He emigrated to the United States in 1863 and secured work in the mines in the anthracite region at Treverton, Pennsylvania, immediately. There he married Miss Martha Ellwood in 1868. They were the parents of Edward Howell, May Llewellyn and James Ellwood Jones.

They moved to Bramwell in 1884, where he had formed a partnership with Jonathan Freeman to operate Pocahontas Collieries Company, first under the name of Freeman and Jones. This firm was the beginning of the merger of companies which is now the Pocahontas Fuel Company, Incorporated. At the age of 77 years, he passed away on December 19, 1916, near Bramwell, West Virginia, where he had spent his long and successful business life.

He was widely known throughout the United States and abroad for his charities, many of which were among the Welsh race.

JOHN LINCOLN

John Joseph Lincoln was born in Oak Hill, Lancaster County, Pa., October 11, 1865. He was educated at the State Normal School, West Chester, Pa., and Lehigh University. During his school days he was prominent in athletics and co-curricular activities.

Since leaving college in 1885 Mr. Lincoln has been engaged in steel structural work, topography, and mining and civil engineering work in the development of mine properties in the Pocahontas coal fields in Southern West Virginia.

He is at present an official in some score of organizations in the southern part of West Virginia and president of the Pocahontas Operators' Association.

Three children living are John Joseph, Jr., Elizabeth Hutchinson Burr, and Pemberton Hutchinson

HARRY BOWEN

Mr. W. H. (Harry) Bowen, residence Freeman, Mercer County, West Virginia; Chairman of the Board, Pocahontas Fuel Company, Inc.

He was born at Ashland, Pennsylvania, on October 14, 1860, and went to work when 16 for the Philadelphia and Reading Coal and Iron Company. In 1887 he came to Mercer County as Secretary of the Booth-Bowen Coal and Coke Company, later becoming treasurer and then president. He was married to Miss Harriet Hopkinson, of St. Clair, Pennsylvania, in 1880; four sons and three daughters were born to them.

He is one of the original coal operators of Mercer County. His father, Jonathan P. Bowen, a native of Wales, migrated to Pennsylvania, where he became a coal miner and advanced to the superintendency of the Philadelphia and Reading Coal and Iron Company. While attending a meeting of coal men in Pottsville, Pennsylvania, in the 1880's, his father met William (Billy) Booth and Jim Booth, who together with Joe Taylor, had secured a lease in the Pocahontas Coal Field. These men interested him in the new venture and, on his way to Mardi Gras in New Orleans, he stopped at what is now Freeman to inspect the property. It looked so good to him that he cancelled his trip to New Orleans, wrote his resignation to the Philadelphia and Reading Coal and Iron Company, and took charge of the Pocahontas property, which was named the Booth-Bowen Coal and Coke Company. Shortly thereafter the father brought his family down from Pennsylvania, which included the son, Harry, and his wife and infant son.

Harry Bowen's "first love" was the Booth-Bowen Coal and Coke Company, which exhausted its coal in February, 1938, after having mined over 9,000,000 tons. However, he is a large stockholder and Chairman of the Board of the Pocahontas Fuel Company, Incorporated, and is financially interested in other coal mining ventures, as well as having holdings in several banking institutions and numerous other business enterprises.

COL. JOSEPH L. BEURY

Colonel Joseph Lawton Beury is credited with mining the first New River coal in 1873. He continued to be one of the greatest individual factors in West Virginia's development in the coal industry for thirty years after this achievement. At the time of his death in 1903 he was an officer and director in more than a score of the largest organizations in the southern section of the state, owning and operating coal lands and mines. Much of his remarkable success was attributed to his exceptional knowledge of practical economic geology.

Two sons, Thomas C. and Henry B., and one daughter, Mrs. Daisy Ethel Nichol, survive.

WILLIAM J. BEURY

William Joseph Beury, son of William Beury, was born June 26, 1877, at Shamokin, Pennsylvania. The father first became interested in the Pocahontas field in 1886 in the Millcreek Coal and Coke Company, Coopers, W. Va. William Joseph came to Algoma June 1, 1898, and was married to Katherine Frame of Reading, Pennsylvania, in 1901, by whom he had two children.

He is president of Algoma Coal and Coke Company and the First National Bank of Northfork, and has financial interests in other coal operating and selling companies as well as other business enterprises.

Island Creek and Pond Creek

are justly proud

of the men in their organization

who are graduates of the

WEST VIRGINIA UNIVERSITY SCHOOL OF MINES

Among the many graduates of the West Virginia University School of Mines now occupying important positions with the Island Creek Coal Company and Pond Creek Pocahontas Company is the man in charge of all of our operations

MR. RAYMOND E. SALVATI

General Manager, Island Creek Coal Company, Holden, W. Va.; Vice President, General Manager and Director, Pond Creek Pocahontas Company, Bartley, W. Va., who received his B.S. of E.M. from West Virginia University in 1922.

. therefore

ISLAND CREEK and
POND CREEK salute
WEST VIRGINIA UNI-
VERSITY and its fine
SCHOOL OF MINES and
wish them all success in
the good work they are
doing.

ISLAND CREEK COAL COMPANY

Mines at Holden, Logan County, W. Va.

POND CREEK POCAHONTAS COMPANY

Mines at Bartley, McDowell County, W. Va.

JAMES OTIS WATSON

James Otis Watson was born on May 17, 1815, at Benton's Ferry, which was at that time in Monongalia County, Virginia. Liberally educated by private tutors and at a private school at Morgantown, he was a studious reader and, although never admitted to the practice of law, had a knowledge of the application of the principles of law to business affairs which was equalled by few members of the bar.

Mr. Watson built the Fire Brick Kilns at Nuzums, and conducted the business for many years with the same success that followed his other industrial, mercantile and agricultural ventures. When the Baltimore and Ohio Railroad reached the Fairmont region, he, working with Governor Pierpoint, opened the first coal mines there.

When these mines were worked out, the Gaston Mines were opened. He continued as personal director until all the mines of the region were consolidated under one management.

Clear Creek Coal Company

in the

Greenbrier Smokeless Coal District,

expresses to

Monticola, West Virginia University Year Book,

its appreciation

of the Dedication of this Annual to the

Basic Industry of West Virginia.

This dedication is recognition of the contribution

Coal is making to the Welfare of West Virginia.

Dr. Gory Hogg, Lewisburg, W. Va., President

Edward Graff, Mt. Hope, W. Va., Vice President

H. H. Blackburn, Lewisburg, W. Va., General Manager
and Treasurer

Myers

Byrum
Ailes

The Student Council of West Virginia University is the governing organ of the student body. It consists of nine members . . . five of which are selected from the campus at large . . . and the presidents of the four classes.

President of the student body, James Byrum, acts as its president in an ex-officio capacity. Fiscal matters are referred to the Budget Commission, an entirely separate organization which controls all student finance, for a final review.

Members of the Senate this year include: William A. Moreland, Senior Man Representative; Betty Sue Baker, Senior Woman Representative; Geno Ailes, Junior Man Representative; Nedra Jane Myers, Junior Woman Representative; Gordon L. Cox, Jr., President of the Senior Class; John Fear, President of the Junior Class; Seraphemas Candas, Sophomore Class President.

Each woman student enrolled in West Virginia University automatically becomes a member of the A.W.S., the only organization for the weaker sex on this campus that is all-inclusive in its membership. The '37-'38 council officials include: Anne Fromme, President; Nedra Jane Myers, Vice President; Phyllis Spangler, Secretary; Rebecca Carpenter, Treasurer; Mildred Bennette, Senior Representative; Catherine Davis, Junior Representative; Jane Shaffer, Sophomore Representative; and Hilda Creel.

Ex-officio members include: Lucille John, Pan-Hellenic Council; Alberta Strader, Women's Athletic Association; Jane Hill, Y.W.C.A.

Dusty marching and hot uniforms . . .
cadets get a brief respite during offi-
cer's center.

CLASSES

An electric substation inside the mine. In some districts the mines are almost wholly electrified. The mine mule is gone, replaced by haulage and gathering motors. Electricity is generally used to drive fans for supplying adequate ventilation, to drive pumps that drain the mines, for cutting machines, conveyors, hoisting, loading and other equipment.

Below: This unusual picture shows an entry adequately lighted, revealing the use of rock dust recognized as an efficient agent to allay coal dust.

FRATERNITIES

Mining machines are used to cut underneath the seam of coal and then the coal is shot down. The miner is drilling a hole in which an explosive charge will be fired to break down the coal.

Below: The coal has been shot down and is ready for loading into mine cars. The large lumps are broken by the miners to facilitate loading.

Beta Theta Pi

Established in 1839, Beta Theta Pi was the first fraternity to organize west of the Alleghenies. Beta Psi chapter was established at West Virginia in 1900. A member of the famous "Miami triad", the fraternity was founded at Miami University, Oxford, Ohio. The flower is the rose, and the colors are delicate blue and pink.

Kappa Alpha

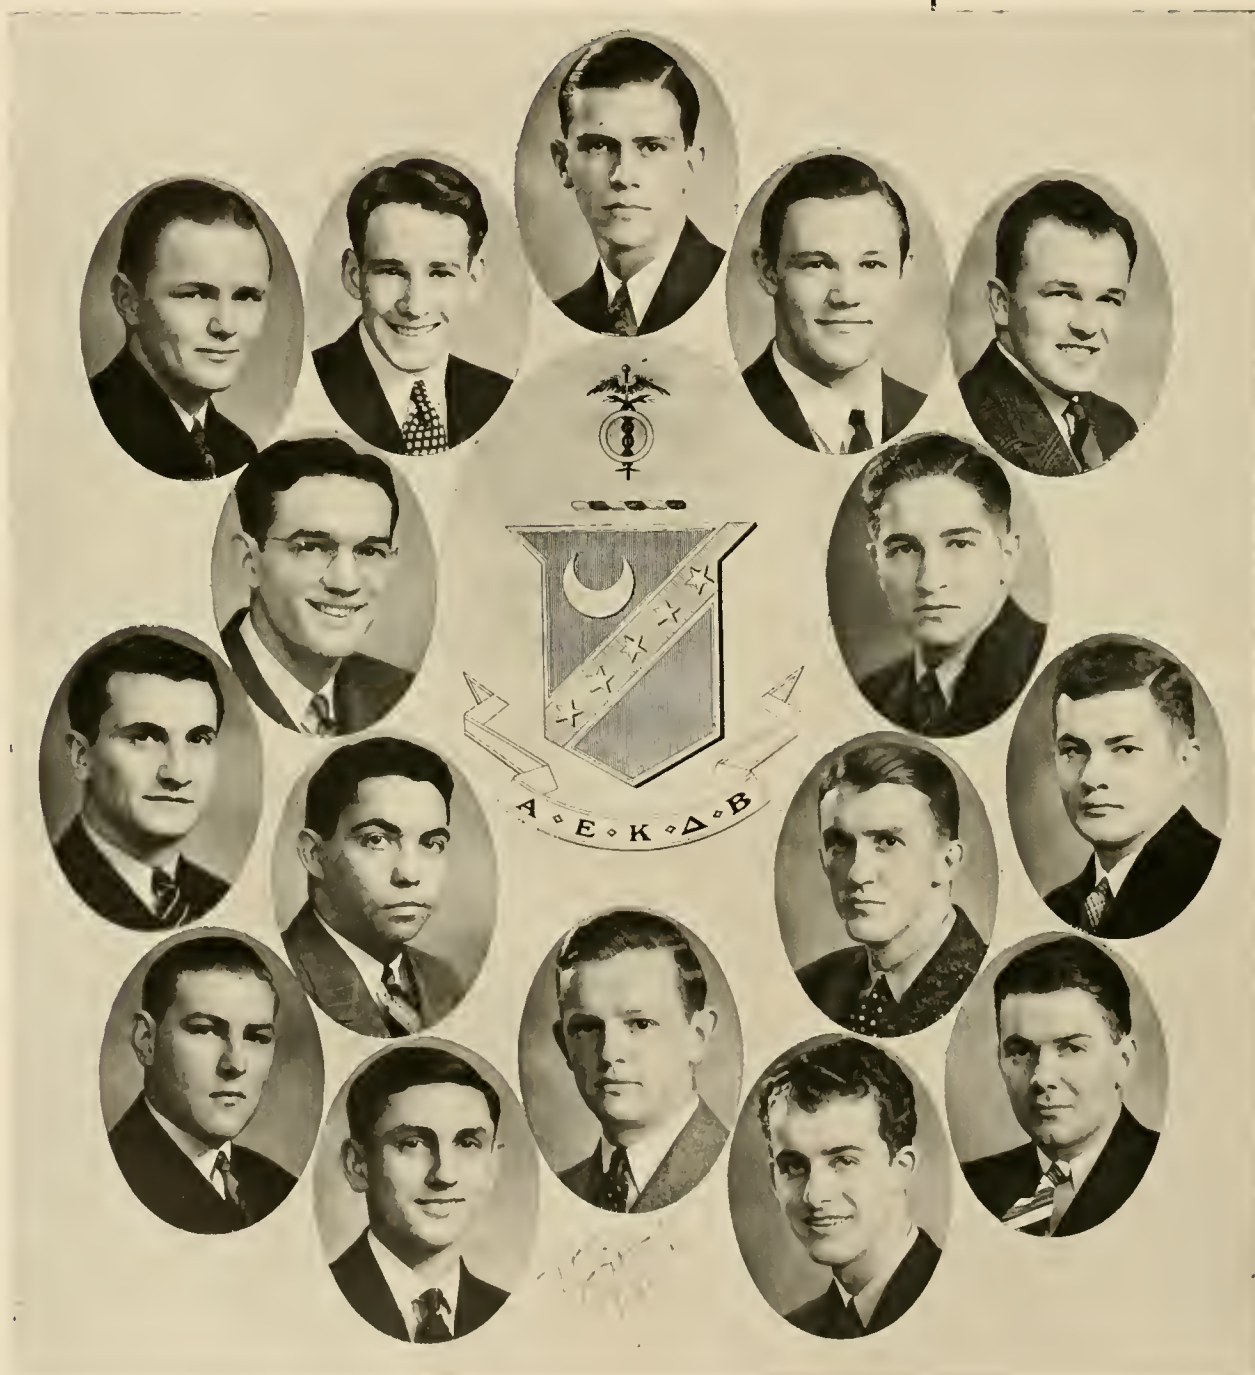

Kappa Alpha was founded at Washington and Lee University in 1865. The aim of the founders was to preserve the basic southern characteristics, other than sectional, in a fraternity confined to the Southern States. Three chapters in California form an exception. K. A. was established at West Virginia as Alpha Rho in 1897. It has 67 active chapters, with a total membership exceeding 25,000.

Phi Sigma Delta

Phi Sigma Delta was founded at Columbia University in 1909. Since that time it has spread to twenty campuses throughout the country. In the last few years its major work nationally has been to bring young Jewish students from Germany. These students have been sent to various chapters and are studying under scholarships granted by the individual universities. The local, Upsilon, was founded in 1927. Its colors are purple and white. Upsilon has led the university scholastically four times in the last five years.

Serving as a common ground for meeting the various problems of the fraternities on the West Virginia University campus, this organization, comprised of one representative from each member fraternity, performs regulatory duties in matters relating to rushing, pledging, and the initiation of men.

A constitution was devised two years ago, and Henry Busse played for the Pan-Hellenic dance given in December.

Pan-Hellenic Council

In an endeavor to keep in harmony the nine sororities on the West Virginia campus, and cooperating in other times than rushing periods, the Women's Pan-Hellenic Council is an integral part of the University social life.

Member sororities include: Alpha Xi Delta, Alpha Phi, Alpha Delta Pi, Chi Omega, Delta Gamma, Kappa Kappa Gamma, Phi Mu, Pi Beta Phi, and Sigma Delta Tau.

Alpha Delta Pi

Alpha Delta Pi has the distinction of being the oldest secret society for women in the world, the organization having been founded at Wesleyan Female College in Macon, Georgia, in 1851. Since that time the sorority has become international with chapters throughout the United States and Canada. The total membership exceeds 30,000. Alpha Upsilon chapter was founded at West Virginia in 1924. The colors are blue and white, and the flower is the violet.

Alpha Phi

Alpha Phi, one of the first Greek-letter sororities, was founded at Syracuse University, October 10, 1872. It was the first woman's sorority to build and occupy a chapter house, to have a visiting delegate system, and to publish a history. Beta Iota chapter was established at West Virginia in 1930. Alpha Phi has 36 chapters. Flowers: lily-of-the-valley and for-get-me-not; colors: silver and wine.

Chi Omega

Chi Omega leads the sororities in having the largest number of chapters with 93 active and 37 alumni. The sorority was founded in 1895 at the University of Arkansas. Theta chapter of Chi Omega was installed in the University in 1905. Chi Omega ranks first in house ownership and in her valuation of property. The sorority flower is white carnation and the colors are cardinal and straw.

Delta Gamma

Wearers of the Delta Gamma anchor date their founding back to 1874, when three girl students at Lewis school, Oxford, Miss., organized a new society. They chose the name, badge and constitution without consulting anyone. Alpha Xi chapter was established at West Virginia in 1922. The Delta Gamma colors are bronze, pink and blue. The flower is the cream colored rose.

Kappa Kappa Gamma

Kappa Kappa Gamma is one of the oldest of Greek-letter sororities. It was founded at Monmouth College, Illinois, in 1870. Kappa was the first to have a sorority magazine and to form a uniform budget system. Beta Upsilon chapter was established at West Virginia in 1906. The national has 71 chapters, 95 alumni chapters, and a membership of 25,000. The flower is the fleur-de-lis, and the colors are dark and light blue.

Phi Mu

Phi Mu, the second oldest secret organization for women, was founded January 4, 1852, at Wesleyan College, Macon, Georgia. It was not publicly announced until March, 1852. Gamma Beta chapter, first called the Woodburn club, was organized at West Virginia University in May, 1926, by twelve girls and continued as a local sorority for a year and a half. In 1927 a charter was obtained and eleven girls of the Woodburn club became active members of Gamma Beta chapter of Phi Mu.

ATHLETICS

To meet market demands coal must be cleaned of impurities and in many mines dust palliatives are used. The upper photograph shows men intently watching for impurities as the coal passes over picking tables.

Below: The spray of oil used to allay dust is easily discernible in this photograph. The coal is treated as it is loaded into the car and the housewife in a distant state voices approval of dustless coal in her furnace.

Football

1937 marked the return of the Golden Era . . . for Mountaineer football . . . everything went well for the Varsity . . . under the leadership of Marshall "Little Sleepy" Glenn . . . who was elevated to the coaching job left vacant by "Trusty" Tallman . . .

The Glennmen were expected to turn out a good team . . . and they surely did . . . bolstered by the maturation of the undefeated Plebe team . . . from the year before . . . Glenn moulded a team that swept through the season undefeated except for mighty Pitt . . .

Here's how she went: . . .

West Virginia Wesleyan was first on the list . . . the Mountain Men traveled to Buchannon where they overcame a stubborn Bobcat eleven . . . 14-0 . . . the Varsity wasn't very impressive . . . but "Flash" Clark, swivel-hipped halfback, caught a pass from Pinion and Tom Davies, soph fullback, plunged on over for the two scores . . . a safety came from a punt blocked by Volkin . . .

Pitt brought a team, that was destined to become national champs, to the stadium . . . the Glennmen held the Pitt team to one touchdown in three quarters, but finally lost, 20-0 . . . Clark went over for the Varsity but it was disallowed . . . Pitt picked the Mountaineers as the hardest-playing team it met . . . the Varsity ran up more yardage and held Pitt down better than any other team . . .

The Generals from Washington and Lee scared the Varsity in a battle in the mud but lost out in the last quarter when Clark drove over . . . Xavier likewise scared the Glennmen when it scored and kicked goal after Clark's 60-yard run and Moan's missed goal . . . but the University eleven rallied in the last quarter and Clark went over again and Moan added goal . . .

Waynesburg put up a stubborn game, 13-0, in another mud-battle . . . but little Sammy Pinion turned the tide by cakewalking through the mire . . . he scored and then he got away for another, both on long dashes . . . The Glennmen had a field day against Western Maryland, winning 64-0 . . . Clark earned eastern recognitions for five touchdowns . . . Isaac scored two more, Pinion dashed across once

Top Row: Spatafore; Spillers; Moses; Rapaswick; Eller; DeAngelis; Baisi; Moan; Meranda; Heckert; Foley; Cestarc.

Middle Row: Glenn, Head Coach; Stansbury; Sutton; Wilcox; Ronai; Shores; Dolly; Neilson; Lorenz; Hodges; Hedrick; Clark; Nebera; Anthony, Asst. Coach.

Front Row: Audia; Gussie; McCue; Isaac; Davies; McCabe; Caldwell; Schwartzwalder; Kiger; Baker; Richardson; Pinion; Atty; Volkin.

... and Kelly Moan scored two, one on a pass which he nailed and ran back 70 yards for a touchdown ...

Then came the reaction ... Georgetown held the Mountaineers to a 6-6 tie ... and the Varsity had to rally to get that ... with Moan catching a pass for a touchdown ... Toledo hustled into town, confident of a victory ... but the Mountaineers rose to crush them, 34-0 ... Clark, Moan, Isaac, Audia and Pinion carried the ball over and around the Toledo team ...

George Washington came here with a record of three straight victories over the Varsity, but went down easily, 26-0 ... Audia starred in this game with break-aways after line-plunges ... Moan made a circus catch of a pass and Isaac starred with his elusive running after nabbing several passes ...

This completed the season but the Mountain Men received a bid to the Sun Bowl game in El Paso, Texas, and accepted ... in a scorching game the Mountaineers scored first on an end-sweep by Isaac and Moan converted ... then they played a defensive game with the Texan team running all over them ... The Texans scored but failed to convert ... Flash Clark broke away in the closing minutes with a 90-yard run, but it was called back ... he then dazzled the crowd with his running in a last effort to score, assisted by Isaac and Pinion ...

The Varsity elected Dave Volkin, senior guard, as its honorary captain ...

The lettermen were: Volkin, Phares, Lorenz, Gussie, Nebera, Elier, Pinion, Isaac, Hedrick, Foley, Audia, Atty, Hodges, Baisi, DeAngelis, Dolly, Neilson, Davies, Clark, Rapaswick, Moan, and Managers Ailes and Cresap.

Members from the Freshman team which won four and lost one are expected to add much strength to the 14 returning lettermen and the strong reserve squad.

Frank Anthony
Line Coach

Basketball

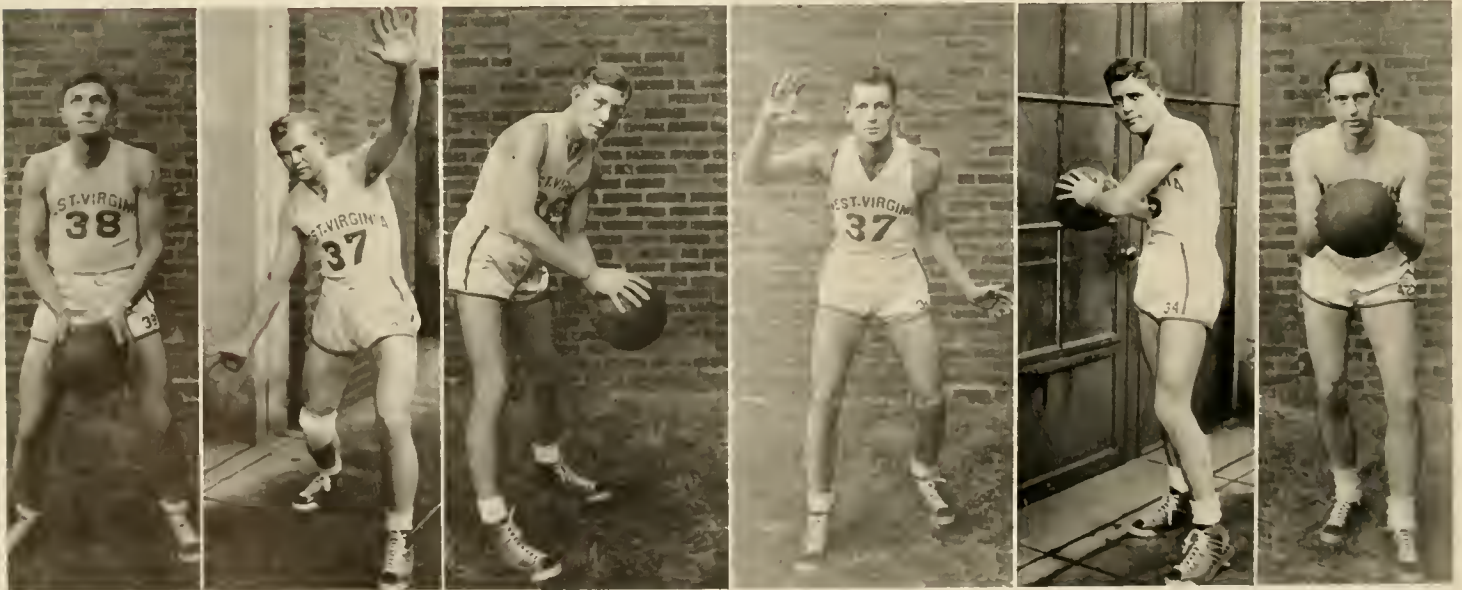

The basketball team . . . although far from successful as far as won-and-lost percentages go . . . finished a pleasing season by virtue of a thrilling victory over the Pitt Panthers in the closing game . . .

Coach "Little Sleepy" Glenn opened the season handicapped by the loss of Phares, Barna and Gocke through graduation . . . to cap the climax . . . Stan D'Orazio was unable to get away from his law studies . . . leaving only Harry Lothes from the regular team of '36-'37 . . . Fisher, Marcus and Meranda were the only returning lettermen, otherwise . . .

Fortunately the Freshman team turned over several able sophomores . . . Chepko started at forward with Fisher . . . Brooks, a transfer from Potomac State . . . played at center . . . Lothes and Marcus were the guards . . . later on Moorehead entered from Potomac State and alternated with Fisher . . . Netherland came up at mid-year and started in place of Brooks . . .

The season started off with an impressive victory over a really great alumni team that could have beaten the Varsity with a little practice . . .

The Mountaineers finished in the cellar of the Eastern Intercollegiate conference with two victories and eight defeats . . . beating only Georgetown and Pitt . . . Besides these wins, they beat Wesleyan twice, the Alumni and the Baltimore five . . . they lost to Marietta twice, George Washington and Washington and Jefferson twice in non-conference games . . . giving a record of six triumphs and 13 headaches . . .

Baseball

The baseball team had only a fair season in 1937, winning 12 and losing 10 . . . the team was greatly handicapped by a short training season . . .

Coach Rodgers had only a few returning veterans but moulded a team which caused a lot of trouble towards the end of the season . . . Jack Gocke was star pitcher and captain . . . "Babe" Barna was star individual batter and fielder . . . and upon the close of the season went to the Philadelphia Athletics . . . where he still plays . . .

So far this season the Mountaineers have won and lost . . . having defeated Ohio Wesleyan twice, Shepherd College and Ohio University . . . losing to Michigan State, Georgetown, Western Maryland and Mt. St. Mary's . . .

Art Scalli, outfielder and leading hitter for three seasons, captains the team.

The record . . .

Track

Handicapped by a lack of man-power, Coach Art Smith nevertheless turned out a team that was strong individually . . . but was weak in second and third-place winners . . .

Several records were broken during the season . . . Tony Rapaswick, sophomore weight man . . . broke the University mark for the discus and was pushing the shot-put mark all season . . . he may break it yet this season . . . Capt. Phil Baer broke the University pole vault record also . . .

In the opening meet, Ohio University eked out a victory over the Mountaineers . . . 72-60 . . . They came back strongly to crush Waynesburg under a 99-33 score . . . Pitt then applied the usual pressure and came out with the usual triumph, 98-28 . . . Bethany was an easy victim for the Smithmen, 107½-18½ . . .

Ken Risky was selected as captain for the 1938 season . . .

At this writing the Smithmen have lost to Pitt by a slightly closer score than last spring . . . and lost to Ohio University by a slightly larger one . . .

Lettermen were: Henry MacQueen, Richard Frantz, Phil Baer, Tony Rapaswick, John Cather, Kenneth Risky, Lawrence McElhenny, Shiras Jarvis, David Isaac and Harry Hogue . . .

Art Smith is considered by many as one of the outstanding track coaches in the country. He was former Olympic instructor and has led the destinies of West Virginia track teams for more than a decade. His greatest asset is ability to take raw material and develop finished stars.

Tennis

Capt. Klebe

Tennant

Littlepage

Camp

Dudderrar

McAllister

Gaydosh

Mitchell

The tennis team . . . under the coaching of Dave Jacobs . . . returned four victories for two defeats . . . in the 1937 season . . . over good foes . . .

The first game of the season was with Fairmont . . . and the Teachers went down . . . 8-1 . . . George Washington was a bit tougher and whipped the Varsity, 7-2 . . . St. John's was next and the Mountaineers romped home to a 8-1 win . . .

Georgetown was a tartar . . . beating the Jacobsmen, 8-1 . . . that didn't discourage the University courtmen . . . for they came back with a victory over Washington and Jefferson, 5-4 . . . and then whitewashed Bethany, 9-0 . . . Scott Camp's play stood out in these games . . .

Capt. Ken Thorne was succeeded this year by Howard Klebe . . .

So far this season the court stars have split even . . . losing to Duquesne, 7-2 . . . and in a return match beat the Dukes, 5-4 . . .

The lettermen were: Jones, Gaydosh, Tennant, Klebe, Thorne, Littlepage, Hesse and Camp . . . and Dickerhoff and Ballentine, managers . . .

HONORARIES

Here are two modern coal tipples combined with cleaning plants, where impurities are removed from coal before loading for shipment to consumers. The top picture shows the loading in railroad cars of several sizes of coal. Both air and water are used in coal cleaning plants to keep the coal free from impurities.

The 1938 Monticola

LINWOOD CREEL
Editor

NED SHOTT
Business Manager

The 1938 Monticola is indebted especially to Evelyn Harris and Bill Nutter for persistent business and editorial efforts . . . to Al Volker for sports summaries . . . to Jane Downs for excellent art work . . . and to Shirley Currey, typist extraordinary.

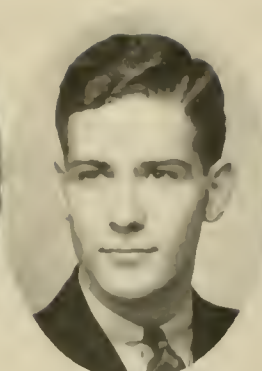

In addition invaluable aid was rendered by Mr. Jesse Sullivan and Mr. James Krepps of the West Virginia Coal Operators' Association, and Mr. W. E. O. Koepler of the Pocahontas Coal Operators' Association.

The Daily Athenaeum

Tom McHenry
Managing Editor

Leighton Watson
Editor

Bernard Gottlieb
Business Manager

Dr. P. I. Reed
Head of
Journalism Dept.

The department of journalism at West Virginia University is considered by authorities and by actuality to be one of the outstanding newspaper schools in the country. The numerous opportunities for training in the many phases of journalism have been shown by graduates who have been successful in the professional world.

The department is under the direction of Dr. P. I. Reed, and the instructors are Professor George Rinehart and H. B. Michelson. The Daily Athenaeum is published every week day with the exception of Sunday and Monday.

In September, 1887, the first copy of the Athenaeum was published with U. S. Grant Pitzer as the first editor. It was planned to put out an issue every two weeks and the printing was done by Julian Fleming, proprietor of the new Dominion steam printing house.

In order to "promote the literary taste of the students; to narrate college events; to keep alumni interested in their Alma Mater, and to express the life, growth and attainments of the University," C. W. Waddell and A. W. Smith took over the editorship in 1899, publishing the paper every first and third Saturday of each month.

With the issue of September, 1901, the Athenaeum was changed into a weekly paper, "devoted chiefly to the local news of the University and personal items about its students, friends and teachers." The paper became a semi-weekly publication in 1921, appearing every Tuesday and Friday, and in 1923 it appeared as a tri-weekly publication, coming out every Tuesday, Thursday and Saturday.

In March, 1926, at a mass meeting, the student body voted in favor of an increase in fees to cover the cost of publishing the paper five times a week, but it was not until 1933 that the Daily Athenaeum was an actuality. It now appears in tabloid form every morning except Sunday and Monday.

The first editor-in-chief of the Daily was Harry J. Marker; Robert Shaffer was managing editor and William Smith, business manager.

Fi Batar Cappar

Fi Batar Cappar was founded at West Virginia on March 13, 1914, for the purpose of "boosting" the University. The founders adopted as a badge a small square of leather emblematical of the goal of college life—the sheepskin. It is fastened to the coat with a small piece of brass from the ancient brazen calf, the meaning of which is one of the secrets of the organization.

Alfa chapter has as honorary members such luminaries as Will Rogers, Hal Kemp, Lowell Thomas, Pop Warner, Major Sasse, Rat Rodgers, Art Smith, Gov. Conley, Trusty Tallman, Greasy Neale, Senator Neely, John Roscoe Turner, Charlie Hodges, Doc. Spears, Major Smith, Capt. Lincoln, Prof. Ennis, Beanie Grumbien, Ted Neff, D. A. Burt, Sam Morris, and many others.

First Row: McIntire, Marcus, Isaac, Busquets, Eiland, Klebe, Cunningham, Cox.

Second Row: Lothes, Watson, Moran, Ronai, Rubrecht, Moreland.

Third Row: Hodges, Ailes, Heiskell, Wolverton.

Fourth Row: Atty, Leslie.

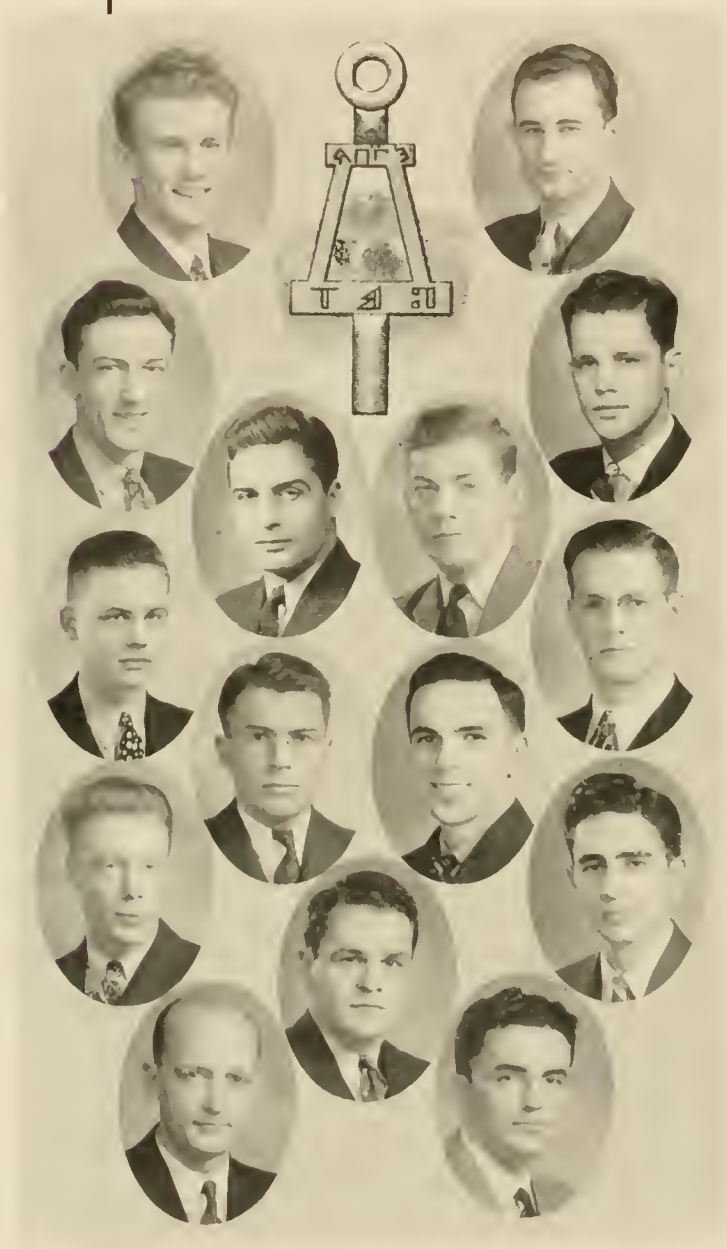

Scabbard and Blade, national honorary society of cadet officers, is located at Universities and Colleges with departments of Military science and tactics. The subordinate organizations are called companies. C Co. 2nd Regiment was founded at West Virginia University in 1916.

Beddow

Tabler

Diamond

Townsend

Henderson

Von Berg

LeFiego

Gressang

Aronson

Graham

Tau Beta Pi was founded at Lehigh University in 1885. It is the oldest of the honorary engineering societies. The purpose of the organization is "to mark in a fitting manner those who have conferred honor upon their Alma Mater by distinguished scholarship as undergraduates or by their attainments as alumni."

West Virginia Alpha chapter of Tau Beta Pi was installed in 1922 through the petition of the local Theta Psi.

Tau Beta Pi is the only honorary engineering society at West Virginia University to whose membership all male engineering students are eligible.

Sphinx

First Row: Swing, Moran, Bumgardner, Smith, Klebe.

Second Row: Vines, Byrum, Watson, Hodson.

Third Row: Allard, Engle, Nightengale, Heinze, Mitchell.

Fourth Row: Addison, Ronai, Heiskell, Phelps, Morris.

Sphinx, a senior men's honorary organization, has carved for itself the distinction of being the most active group on the campus. It has adopted as its aim: the sponsoring and maintaining of campus traditions and fostering the well being and interest of freshmen.

During the fall of each year Sphinx plans a homecoming program during the football season. For this event the organization sponsors a parade and the decoration of all fraternity houses. Three years ago Sphinx introduced the first inter-fraternity sing to be held on the campus. This has come to be one of the most beautiful of the Sphinx traditions.

Mountain

Mountain was founded in 1904. Since that time the organization has enjoyed continuous active existence. The purpose of Mountain is to promote the interests and welfare of West Virginia University in accordance with principles adapted by the administration.

Membership is based upon personal character and service to the University.

First Row: Leslie, Peairs, Cunningham, Gocke, Seibert, McHenry.

Second Row: Bowman, Swing, Eiland, Samms, Williamson, Mikita.

Third Row: Morgan, Vines, Heinze.

Li-Toon-Awa

The name Li-toon-awa in Indian language means "friendship." This symbolizes the aim of the organization which is to be helpful and to serve as a group on the campus. The members attempt to assist freshman women adapt themselves to the University life.

The organization was founded at the University in 1927 and is the outstanding Sophomore organization. Candidates for membership in Li-toon-awa are judged on qualities of character, personality, scholarship, extra-curricular activities, and leadership ability.

Members are pledged at the annual link day ceremony held on the circle in May. Initiation occurs at a later date.

American Institute of Electrical Engineers

The object of this organization, composed of junior and senior electrical engineering students, is to enable students to present technical papers before an audience, each student being required to present, during the entire year, four speeches of a technical nature.

The group is a student branch of the American Institute of Electrical Engineers of which the students may become members after they have obtained their bachelor of science degree.

Officers:

|-----------------------|----------------|
| A. H. Graham..... | President |
| E. W. Hutton..... | Vice President |
| O. O. Henderson..... | Secretary |
| J. H. Beddow..... | Treasurer |
| Dr. A. H. Forman..... | Adviser |

First Row: Jones, Henderson, Fisher, Ashcraft, Riggle, Beddow, Rosier.

Second Row: Graham, Blavos, Harris, Prof. Jones, Dr. Forman, Prof. Hall, Winters, McComas.

Third Row: Conaway, Little, Moyer, Erhard, Prof. Seibert, Shoaf, Newman, Marsh.

Fourth Row: Carpenter, Dickerson, Warlop, Umbarger, Bailey, Whitescarver, Hutton.

Fifth Row: Holland, Benvenuto, Moses, Pase, Schwartz, Winter, Furfari, Giboney.

Phi Upsilon Omicron

Phi Upsilon Omicron, national professional home economics sorority was founded at the College of Agriculture, University of Minnesota, in 1909. The local chapter, Lambda, was established in 1923. Phi U has for its purposes the strengthening of the bonds of friendship; the promoting of the moral and intellectual development of its members; the advancing and promoting of home economics. The main professional project of the sorority for this year was the conducting of a handicraft club for girls at Sabraton, W. Va.

Mortar Board

Laurel chapter stands twelfth in the sixty-four chapters of Mortar Board in various universities throughout the United States. Members are chosen on the basis of scholarship, leadership, and service and are presented at the Link Day ceremonies.

Service projects include Laurel cottage, a cooperative house and the freshman honor roll for freshettes attaining an average of 2.5 or above.

Phi Delta Phi

Phi Delta Phi, the oldest legal fraternity in existence, was founded at the University of Michigan in 1869. Brooke Inn, the West Virginia chapter, was founded in 1922, and at the present time has 32,000 active members.

Listed among the membership rolls of Phi Delta Phi are the names of President Roosevelt, Homer Holt, governor of the state, and others. Dean Hardman and Professors Williams and Colson are also members. Judges Baker and Wilson are honorary members. Prof. C. C. Williams is the local adviser for Phi Delta Phi.

Fifth Row: Early, Green, Lynch, Prof. Williams, Gocke, Jaynes.

Fourth Row: Hopkins, Radcliff, Moran, D'Orazio, McNeer, Smith, Heinze, Lowther.

Third Row: Moreland, Cox, Garvin, Goodwin, Byrum, Renick, Belcher, Carson.

Second Row: Anderson, Blair, Waugh, Seaman, Swagger, Klebe, Wilson, Carroll, Ailes.

First Row: Beneke, White, Leslie, Neeley, Williams, Byrer, Hill, Mitchell, Knapp.

Alpha Epsilon Delta

The date of conception of Alpha Epsilon Delta was April 28, 1925; when, according to an old historian's book, fifteen leading pre-medical students, under the leadership of Dr. Jack P. Montgomery, met in Toumey Hall at the University of Alabama, to discuss the writing of a constitution.

Since 1926, chapters have been installed at Howard College, Birmingham, Alabama; University of South Carolina; University of Texas; Baylor University; University of Florida; University of Georgia; West Virginia University; and Alabama Polytechnical Institute.

As a result of much work on the part of a few students and of the zealous efforts of Dr. A. L. Darby, Epsilon Alpha chapter of Alpha Epsilon Delta was established at West Virginia University, May 30, 1931.

Officers:

First Row: Zepp, Dillard, Scott, Shawkey, Clubb, Heiskell.

Second Row: Wysong, Wershbole, Antalis, Thrush, Nunally, Nicholson.

Third Row: Blum, Hamilton, Cashman, Concilus, Davis, Mino.

Alpha Zeta

Alpha Zeta fraternity was founded at Ohio State University in 1897. It is the oldest and best known agricultural honorary fraternity in the country. West Virginia chapter was chartered in 1922, and since that time has been the only honorary fraternity in agriculture on the campus. There are now forty-two chapters located at forty-two land grant colleges in the United States.

Alpha Zeta has as its purpose, the development of the farm and the farm home, particularly in the state where a chapter is located, through an organization controlled by agricultural students. It is advised by an agricultural faculty, and stimulated by the bonds of fraternity around a membership chosen after an earnest agricultural motive and an executive ability have been demonstrated.

In considering any candidate for membership, consideration is given to scholarship, leadership, and character.

Officers:

Third Row: Spiker, Milam, Smith, Foley, Volkin, Ross, Bailey, Gorrell.

Chi Sigma Delta

Chi Sigma Delta was founded at West Virginia University seven years ago. The purpose of the organization was to promote the general interest and scholastic enthusiasm in the study of economics.

This past year, the society was reorganized to be a strictly honorary fraternity for students who have maintained scholastic leadership in economics. To further this leadership, Chi Sigma Delta gives an award each year to the most outstanding junior, scholastically, in the economics department.

First Row: Falcon, Nightengale, McInteer, Barry, Abbott, Riley, Miller.

Second Row: Dalporto, Duncan, Ullum, Akers, Crynock, Bungardner.

Third Row: Arnold, Sutton, Smith, Taylor, Bendkowski, Allen.

Fourth Row: Camp, Fear, Rubrecht, Prof. Keller.

Men's Glee Club

Frank Cuthbert, Mus. D. Director
 Bernard R. McGregor Assistant Director
 Mary Elizabeth Summerfield Accompanist

Officers:

Charles Taylor President
 Robert Lee Vice President
 Robert Burdett Treasurer
 Harold Quigley Librarian
 Edwin Arkwright Publicity Chairman

First Row: Powhatan Baber, Walter Riddle, Lucius Cavallaro, Ugo DeRosa, William Steber, Dwight Fast, Robert Lee, Charles Kindt, Mitchell Simon, Emile Frere, Jack Fling, Paul Williams, C. Warren Herod.

Second Row: Lyle Sutton, Robert Johnson, Harold Rist, Bernard McGregor, Mary Elizabeth Summerfield, Frank Cuthbert, Earl Rodeheaver, George Appleby, Frank Gaal, Edward Bartkus, Milton Fike, George Folk.

Third Row: Sydney Allsopp, Benny Classetti, Harold Quigley, William Stewart, Louis Gundling, Wade Forman, Earl Anderson, Chester Parsons, Alphonse Decoster, Ralph Marshall, Robert Cochran, Henry McQueen, Frank Shaffer, Robert Hamilton, Walter Polley, Edwin Arkwright.

Fourth Row: Raymond Sabalo, Lawrence Cappellanti, Warren Leslie, Robert Deegan, John Garlow, Robert Burdett, William Warlop, John Earle, J. Lewis Riley, Robert Wilson, James Brown, Daniel Carr, Hazlett Rodgers, James Bland, Robert Crawford, Charles L. Baker, Fred Hess, Charles Taylor.

The Men's Glee Club, under Director Frank Cuthbert, experienced a most active season. Concerts were given in Morgantown, Fairmont, and Pittsburgh. The group broadcasted from radio station KDKA and at the opening of the university studio of WMMN. At the close of the year, during Greater West Virginia Week, a musical-dramatic travesty entitled "Romeo and Juliet" was very successfully presented.

Frank Cuthbert
Director

Women's Glee Club

The University Women's Glee Club was organized in 1928 under the direction of Miss Lydia I. Hinkel. Since that time the group has added greatly to musical contribution on the campus. Excellent concerts over the radio and on the campus have been given.

Home Economics Club

In order to stimulate interest in the various divisions of the college of agriculture for women the home economics club was organized some years ago to develop leadership and cooperation within the groups. Speakers give the members a direct application of their major subjects with the advantages and disadvantages of each.

Any student majoring in home economics is eligible for membership in the club and each year before the official opening of the organization, the officers plan and conduct a membership campaign with a representative from each of the four classes to assist. The representative who obtains the greatest number of members receives a gift at the first meeting, which is always a party in honor of freshman students. The cabinet of the club is the hostess for this meeting while the following meetings are conducted by the various members.

The largest project each year is the serving and entertaining of guests during "Farm and Home Week." The yearly program also includes a charity meeting at which time sewing for the Red Cross is done.

Il Circolo Italiano

So that the students of the University may have an opportunity to familiarize themselves with the Italian language, literature, and culture, the Italian honorary society, "Il Circolo Italiano," is maintained.

The club was organized in 1927, by students and faculty members. It enjoyed a period of fruitful activity and it held an honorable position scholastically. During the depression, however, the Italian language was temporarily suspended from the University curriculum, and, as a result, "Il Circolo Italiano" ceased functioning.

In 1935, the study of the Italian language was renewed through the incessant efforts of Dr. Darby, the organization's honorary president, and Thoney Pietro, an honorary member. One year later the club was revived. Since its revival, the club has resumed the honorable position it once held as a result of the commendable cooperation of its members.

Sigma Gamma Epsilon

Sigma Gamma Epsilon is a national honorary geology, mining, metallurgy, ceramics, and petroleum engineering fraternity. It was founded at the University of Kansas, March 30, 1915, and has for its object, the social, scholastic, and scientific advancement of its members.

Epsilon chapter was installed on the West Virginia University campus May 27, 1927, and has progressed in every respect to date.

Fourth Row: Bendkowski, Spangler.

American Institute of Mining Engineers

The Mining Engineering Society of West Virginia University is an Affiliated Student Society of the American Institute of Mining and Metallurgical Engineers. The A.I.M.E., an association organized in 1871 to promote the arts and sciences connected with the mineral industries, now has a membership of over eleven thousand scattered throughout the world.

At West Virginia University membership in this society is required of all students enrolled in the School of Mines during their junior and senior years and in each of the four semesters, each student must present two papers before the group.

Students in this affiliated society at the University are encouraged to join the parent organization as student associate members and to continue this membership after graduation, gradually working up to full membership in the A.I.M.E.

Fourth Row: Griffith, Conaway, Schroder, Davisson.

Third Row: Kerns, Stipe, Conaway, Prof. Staab, DePietro, Assistant Director of Mining Extension Spindler.

Second Row: Director of School of Mines Lawall, Shinnamon, Mankin, Crichton, Burk, Laird.

Rifle Team

The Rifle team was outstanding this year having won fourteen matches and lost one. They placed fifth in the R.O.T.C. Intercollegiate match.

J. W. Williamson, captain of the team, was high man for the team and Smithson, a first year man, placed second. Others on the team are Williams, D. G. Sterling, George Ruck, who has been on the team three years and was high man two years, and H. A. Williams, Pomykata, and F. L. Lillie, first year men.

Major Smith has been the adviser for the team.

Second Row: Williams, Ruck, Major Smith, Capt. Milne, Williamson.

First Row: Lillie, Sterling, Pomykata, Smithson.

PROGRESS

There are few fields where the necessity for progress—the demand for new ideas, is as pronounced as in the production of School Annuals. ◊ Here in Canton we take pride in not only keeping pace, but in setting the pace for innovations and changes in this highly progressive field. ◊ When you work with Canton you are hand in hand with experienced people, constantly on the alert to sense the wants of Annual publishers, and quick to change from the old order, and offer new and unusual ideas to progressive editors.
